The Product

Design:

ALASKA's curved shape and round button lends a **simple, contemporary design**, inspired by vintage mills.
Offered in bright white, reflecting the **icy, pristine** reputation of Alaska and refreshing the electric mill collection.

Function :

Electric: it provides the convenience of one handed operation during cooking.
The grind on the pepper mill is adjusted by the “**Wheel of Regulation**”, found below the mechanism (salt is not adjustable)
The light illuminates the area below the mill when in use, making it easier to control the quantity of salt or pepper dispensed.
The **transparent body** makes it easy to see how much salt or pepper remains in the reservoir.
Equipped with a **Peugeot motor bloc**, the mill comes complete with **6 AAA batteries**

Guarantee

The Peugeot mechanism has a **lifetime limited guarantee**.
The motor bloc and remainder of the mill are guaranteed **2 years**.
